

PRODUCT INFORMATION SHEET

Profile Detector

Product description

Professional profile detector for use in construction and renovation companies. Used by electricians, plumbers, painters, plasterers to scan walls and ceilings. Searches for live cables, metal elements (non-ferrous and ferromagnetic metals) and wooden structures in walls. The detector use significantly minimizes the risk of damaging the electrical and hydraulic system located under the plaster.

Charakteristics

- detects live cables max. 40 mm;
- detects ferromagnetic metals max. 100 mm;
- non-ferrous metal detection max. 80 mm;
- detects wooden structural elements max. 38 mm;
- easy to use;
- visual and audible cable detection alarm;
- rubber casing to protect against mechanical damage;
- comfortable, ergonomic, compact shape allows comfortable single-handed operation;
- 1x 9 V 6LR 61 / 6F22 battery power supply, increased battery life thanks to Auto Power Off.
