

## Protective boots, S1P, SRA, size 44

### Opis Produktu

Men's protective shoes designed to protect the foot from external factors. Conforming with S3 safety class according to ISO 20345:2011. Footwear made of high-quality leather providing convenience and comfort of use. Shoes are equipped with steel toes that protect toes, among others against falling objects, debris, tools. Due to the anti-slip sole, they are perfect for walking on uneven and slippery surfaces. Anti-static properties guarantee safe use of boots in both dry and wet environments. Shoes recommended in the industrial sector, logistics, transport and construction works. They are perfect for outdoor use.
