

Warm shoes, SRC, S3, size 39

Opis Produktu

Men's insulated protective shoes are designed to protect the foot from external factors. Conforming with S3 safety class according to ISO 20345:2011. Footwear is made of high-quality KPU material. Shoes are equipped with steel toes that protect toes, among others against falling objects, debris, tools. Due to the anti-slip sole, they are perfect for walking on uneven and slippery surfaces. Shoes are recommended in the logistics, transport, automotive industry, renovation and construction work.

Charakterystyka

- made in accordance with the standard specifying requirements for safety footwear – EN ISO 20345:2011
