

PRODUCT INFORMATION SHEET

Abrasive Disc with Holes

Product description

Velcro-type abrasive discs of the diameter of 125 mm for use with angle and eccentric grinders, drills or screwdrivers equipped with appropriate attachments. Designed for the sanding of wood, wood-based materials, metal, putty, paint and varnish. Wide granulation range from G40 to G220.

Charakteristics

- semi-open alumina-coated;
- synthetic resin binder;
- disc fixed to the attachment with Velcro ensures quick installation or replacement;
- the surface of the 8-hole disc ensures compatibility with devices equipped with a dust extraction system;
- disc coating sticking reduction results in a significant increase in the performance and lifetime of the disc;
- 5 pcs. package.
