

PRODUCT INFORMATION SHEET

Injector Tester

Product description

The tester enables easy and quick diagnostic of injector system failures. Possible use in motorcycles, cars and vans, caravans, quads, motor boats and tractors. High precision and work safety. Mainly used in professional workshops and automotive services.

Charakteristics

- measurement in injector systems with 12 V electrical installations;
- for engines: diesel / petrol / LPG;
- individual measurement of particular injectors;
- 4 measurement modes;
- resistant to external factors, such as operating fluids.
