

PRODUCT INFORMATION SHEET

SDS+ BX4 Drill bit

Product description

A professional SDS+ concrete drill bit with an X-shaped blade designed for drilling in brick, stone, ceramics, concrete and reinforced concrete. They are suitable for all drills with SDS+ chuck.

Charakteristika

- 4×90° profiled head speeds up drilling and reduces the risk of the drill bit jamming even with reinforcing bars;
- blade made of high quality tungsten carbide;
- a double helix of the drill bit ensures optimal removal of shavings and high productivity;
- centring tip for easier drilling start;
- SDS+ shank enables quick bit change.
