

PRODUCT INFORMATION SHEET

LYCK Insulated latex coated gloves orange

Product description

LYCK are high-quality latex-coated protective gloves, designed to provide comprehensive hand protection while performing various tasks in the work environment. They are particularly useful in mechanical works, such as installation, service of devices or packaging, where precision and accuracy are crucial in difficult weather conditions. The corrugated latex coating on the fingertips and palm provides not only solid protection but also excellent grip.

Characteristics

- coating: corrugated latex;
- outer fabric: polyester; gauge 10;
- inner fabric: polyester, thin loop;
- coating surface: fingertips, palm;
- high elasticity;
- protection against mechanical hazards;
- certified according to EN 388:2016+A1:2018 (1131 X) standard;
- high abrasion resistance;
- good grip;
- for use in water-resistant environments;
- reusable product.

a → abrasion resistance (1, 0-4)

b → cut resistance (1, 0-5)

c → tear resistance (3, 0-4)

d → puncture resistance (1, 0-4)

e → ISO cut resistance ISO (x, A-F)
